CALIFORNIA COASTAL CLEANUP DAY *and* INNER-COASTAL & WATERSHED CLEANUP DAY *at sites throughout Orange County*

Did You Know?

In 2013

- more than 58,000 volunteers worked together to cleanup our beaches
- more than 749,000 pounds of trash and recyclables were collected from our beaches, lakes, and waterways
- the Guinness Book of World Records hailed California Coastal Cleanup Day as the “largest garbage collection”
- since the program’s inception in 1985, over one million Californians have removed more than 15 million pounds of debris from our state’s shorelines and coasts

Our Philosophy: Bring Your Own

- bring your own grocery/retail plastic bags (for reuse)
- bring your own bucket
- bring your own gloves
- bring your own reusable water bottle
- make this a Zero Waste event

Find a place where you can volunteer in Orange County

- use this Site Directory
