Subject: Phone Call

Rowena Anderson left a message and asked to pass a message to the City Council that "she does not agree with not having plastic bags. She stated that plastic bags come from all over the county to our beaches, not just from people in Dana Point. She said people will have to go out and buy plastic bags for their garbage and if not properly disposed of, there will be a rat infestation. She suggests a campaign for proper disposal and to remember if paper bags are used, we will need to cut down trees." She said she is an elderly person and can't make the meeting.
