WHY CLEAN UP THE BEACH?

California's beaches accumulate trash and other debris. If these items are not removed, it can be harmful and even fatal to wildlife and become a health hazard. Our Earth Day Beach Clean Up is a fantastic day for neighbors and friends of the resort to come together and take care of our fragile marine environment, while also learning from Jean-Michel Cousteau about just how fragile our beaches and oceans are and how we can become an Ambassador of the Environment.

Our Earth Day Celebration will bring you in touch with your ocean, your planet and yourself.
