## 2013 Home Tour

Sunday, October 6 11:00 a.m. – 4:00 p.m.

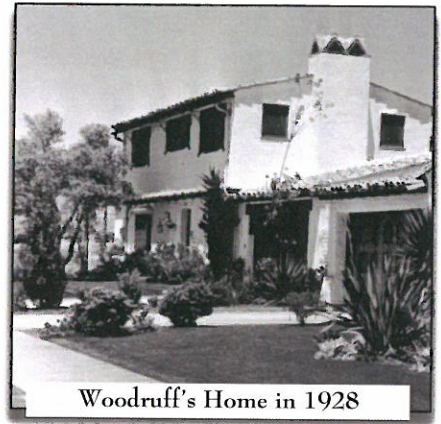

*...from the Hills of Hollywood  
to the Sea... in Dana Point*

Sidney Woodruff, the enterprising builder who developed both Hollywoodland and Dana Point, used this statement to promote his distinctive urban “home-place” in the Hollywood Hills near Los Angeles and his *Community of Enchantment By-the-Sea* in Dana Point.

This year, at our thirteenth annual Home Tour, we are featuring those homes and buildings Woodruff built here in Dana Point, his dream of a resort and play-land by the sea.

Our signature house for the 2013 Home Tour is Woodruff’s own original home pictured here. It will be open to visitors along with a number of other carefully preserved and, in some cases, enlarged Woodruff homes in Lantern Village. You will enjoy the architecture, the décor and the gardens of these treasured homes.

There will be coffee at registration, refreshments during tour, classic cars and our boutique. Ticket & sponsorship form is on the reverse. Details will be sent to ticket buyers.
