ITEM 2: Coastal Development Permit CDP05-21 to allow an addition and remodel to an existing single family residential dwelling that would result in an increase of more than ten percent (10%) of the internal floor area of the dwelling. The subject site is located in the Residential Single Family (RSF 7) Zone and is addressed as 23592 Verrazanno Bay.

Applicant: David Lilyquist
Owner: Imran Salim
Location: 23592 Verrazanno Bay

Request: A Coastal Development Permit to allow the addition that consists of a total of approximately 871 square feet; 177 square feet will be added to the first floor to create a new living room and enlarge an existing bedroom; 694 square feet will be added to create a new second floor that consists of a master bedroom, master bathroom and loft area. The proposed addition will consist of approximately 37% of the existing internal floor area, which exceeds the 10% exemption, thus requiring a Coastal Development Permit.

Environmental: The proposed project qualifies as a Class 1 (Section 15301) pursuant to the applicable provisions of the California Environmental Quality Act (CEQA) in that the project involves an addition to an existing structure not resulting in an increase of 50 percent of the floor area prior to the addition, or 2,500 square feet whichever is less.
