Comments:

Yes to chickens in single-family homes
in Dana Point and Capistrano Beach. (Capo Beach).

I grew up with chickens in our back yard. They
make great pets and provide a great learning
experience for children.

One of the most important is that eggs come from
chickens, not boxes from the super market, plus
they taste better.

R.A. Clark, PO Box 2068, Capo Beach, CA 92624
