Subject: Doheny Village

Hi Kathy,

I most likely won't be able to attend tonight's Council meeting and speak up in favor of adding the Doheny Village plan to the Budget, but I totally support having our Council move ahead with this project!

As you know, I live in the Lantern Bay Villas and not in Capo Beach, but I agree with every word of Toni Nelson's excellent talking points. Capistrano Beach is part of Dana Point, but for years they have been treated like the "little red-headed stepchild!"

Time to clean it up!

Could you please put this note in the council packets?

Thanks,

Barbara Merriman
