

*Meow, meow...  
Can I crash at your pad?*

# *Please help save a life!*

**Your local animal rescue Pet Project Foundation needs help from the community with saving kittens' lives.**

Are you a cat lover who cannot commit to adopting a kitty? Or a family with kids? Or a teenager who wants the ultimate summer experience? Orphan kittens, momma cats with kittens, pregnant kitties, and scared kittens need you!

The time commitment could be anywhere from a few days to a couple months, and then the kittens go to the San Clemente-Dana Point Animal Shelter to find their purrfect homes. If you live in South Orange County, come to our Kitten Foster Training to learn how you can be a part of this rescue team.

***Pet Project Foundation provides all food, supplies and veterinary expenses. All the foster parents have to provide is a home, time and love!***

*Foster training  
April 27th!*

**DATE:** Thursday, April 27, 2017

**TIME:** 7:00 to 8 p.m.
