

## Discovering Deep Sea Sharks

Dana Point Headlands Conservation Area  
presents

### Science Night

Thursday  
April 19<sup>th</sup>, 2018  
6:30pm

Dana Point Community Center  
34052 Del Obispo Street  
Dana Point, CA 92629

**Kristin Walovich**  
Pacific Shark Research Center

### Discovering Deep Sea Sharks

Did you know half of all known shark species live in the deep ocean? Join us to learn about our local species of shark and how scientists discover and name new species.

Kristin studied deep sea sharks from Southern Africa for five years and named a new species of Ghost Shark in 2017. She now works at the Dana Point Headlands Nature Interpretive Center.
