SUBJECT: 2020 ANNUAL HOUSING ELEMENT PROGRESS REPORT

RECOMMENDATION: That the Planning Commission review the 2020 Annual Housing Element Progress Report and forward to the City Council.

LOCATION: Citywide

REQUEST: To review the 2020 Annual Housing Element Progress Report, as required by State law to show progress on the General Plan Housing Element.

ENVIRONMENTAL: In accordance with CEQA, a Negative Declaration was prepared as required for adoption of the 5th Cycle 2014-2021 Housing Element. The Annual Housing Element Progress Report does not require further CEQA action.

BACKGROUND:

On December 3, 2013, the City Council adopted an update to the City's General Plan Housing Element for the 2014-2021 planning period. The 2020 Annual Housing Element Progress Report (APR) is the seventh report of the 5th Cycle 2014-2021 Housing Element.

State law requires the City to submit an APR to show progress on the General Plan Housing Element by April 1 of every year. This report provides an update on housing unit production and housing program implementation from January 1 through December 31, 2020. The 2020 Annual Housing Element Progress Report is attached as Supporting Document 1.

After review by the Planning Commission and City Council, the attached report will be submitted to the California Department of Housing and Community Development (HCD) as required by Title 25 of the California Code of Regulations.

DISCUSSION:

In order to address the housing needs in California, State law requires that each jurisdiction adopt a Housing Element as a chapter of its General Plan. The Housing Element includes the City's housing strategy to plan for existing and projected housing demand, identify adequate sites to accommodate the City's allocated share of regional housing needs, and analyze local policies, regulations and requirements that have the potential to constrain development of housing for all income levels.

Regional Housing Needs Assessment (RHNA)

RHNA allocation is a "fair share" number of units in four income categories as determined by the Southern California Association of Governments (SCAG). The State assigned the total number of units needed for the region, and SCAG used future planned housing and jobs to determine the number for each city. The existing Housing Element addresses an allocation of 327 RHNA units.

Dana Point RHNA Allocations for the planning period of January 1, 2014 to October 31, 2021 are as follows:

Number of very-low income households (0-50% median)	76
Number of low income households (51-80% median)	53
Number of moderate income households (81-120% median)	61
Number of above moderate-income households (121%+ median)	<u>137</u>
Total RHNA Allocation for 2014-2021	327

In 2020, the official area median income for Orange County is \$103,000 (based on a 4-person household), as determined by the U.S. Department of Housing and Urban Development (HUD) and HCD.

In Dana Point and other Orange County cities, the marketplace tends to naturally meet the demands for housing in the above moderate-income levels. Construction of any substantive number of units in the very-low and low income household categories would require innovative application and partnerships of City, County, State, and non-profit groups to meet these housing allocations.

New Reporting Requirements

In 2017, the Legislature enacted new housing-related bills that resulted in additional modifications to the APR submittal requirements. Assembly Bill 897 requires that the APR include the number of housing development application received in the reporting year. Senate Bill 35 requires that the APR include housing unit data including completed entitlements, issued building permits, and certificates of occupancy.

Additional bills enacted in 2019, resulted in additional modifications to the APR submittal requirements. Assembly Bill 1255 requires that the APR include the number of surplus lands locally owned or controlled during the reporting year. Assembly Bill 101 requires that the APR include Local Early Action Grant data including funding amount, status, and uses. Supporting Document 1 has been expanded to include new tables as required by HCD:

- Table A – New housing unit applications submitted and “deemed complete” during the reporting year.
- Table A2 – New housing unit data including affordability criteria, entitlement approval, issuance of building permit, and issuance of a certificate of occupancy.
- Table B – Summary of prior permit activity (permits issued) in the current cycle including activity for the current reporting year.
- Table C (not applicable) – Sites identified or rezoned to accommodate shortfall housing need. The City’s 2014-2021 Housing Element does not require that the City identify an unaccommodated need of sites from the previous planning period, has a shortfall of sites as identified in the Housing Element, or is identifying additional sites required by no net loss law. Therefore, this table is not applicable.
- Table D – Status and progress of housing program and policy implementation as specified in the Housing Element.
- Table E (not applicable) – This table only applies if the City approved any commercial development bonuses during the reporting year. To qualify, an applicant for a commercial development enters into an agreement for partnered housing to contribute affordable housing through a joint project or two separate projects and the commercial developer receives a development bonus.
- Table F (not applicable) – Identifies units rehabilitated, preserved, and acquired for alternative adequate sites.
- Table G – Identifies sites that is or were owned by the City, and has been sold, leased, or otherwise disposed of during the reporting year.
- Table H (not applicable) – Identifies local owned or controlled lands declared surplus or identified as excess of its foreseeable needs.
- Summary Table – The summary table auto-populates data entered on other tables related to project entitlements completed during the reporting year and if those projects received streamlined review pursuant to SB 35 streamlining provisions.
- LEAP Reporting Table – Identifies the City’s receipt and status of used funds from the Local Early Action Planning (LEAP) grants.

2020 Housing Project Activity

Table A of Supporting Document 1 provides data for projects submitted and “deemed complete” by the City’s Planning Division within the 2020 reporting year. Residential projects are assigned unit categories: Single-Family Attached Units (SFA), Single-Family Detached Units (SFD), Two to Four Dwelling Units (2 to 4), Multiple-Family Dwelling Units (5+), Accessory Dwelling Units (ADU), and Mobile Homes (MH). Each of these units are quantified based on proposed affordability. A total of five (5) housing units received planning approval during the 2020 reporting year.

2020 Housing Unit Production

HCD requires that the City report on new residential building permits issued during each year within the Housing Element cycle by income level, as noted on Table A2 in Supporting Document 1. In 2020, the City issued building permits for 37 single-family dwelling units (SFD), four (4) duplex dwelling units, and ten (10) accessory dwelling units. Of the 37 SFD units, 18 units are located at the new South Cove condominium complex.

A total of 44 housing units have been issued permits for units in excess of the maximum amount established for an affordable housing unit by HCD. Therefore, these 44 units have been identified with building permits issued in the above-moderate income level households (greater than 120% of median income).

Within the South Cove condominium project, 17 for-sale units will be restricted for affordable households. For purposes of the annual report, four (4) for-sale units have been issued certificates of occupancy in which the monthly housing cost is calculated under the maximum monthly payment for moderate income level households (80-120% of median income). A total of 17 units will be restricted for affordable households and will be counted in the year when building permits are issued.

In addition, ten (10) accessory dwelling units are identified as very-low, low, and moderate income in that the units are affordable by design as small-scale and ancillary to the main residence.

Implementation of Housing Element Programs

The City's 2014-2021 Housing Element identifies key housing goals, policies, quantified objectives and scheduled implementation of programs. Table D of Supporting Document A summarizes the City's actions taken during the 2020 reporting year. This summary includes monitoring of programs on an ongoing basis as well as implementation schedule within the eight-year cycle of the Housing Element.

Program Category #1: Identify Adequate Sites for a Variety of Housing Types

- The City issued permits for ten (10) ADUs, exceeding the goal of 1-2 ADUs annually.

Program Category #2: Assist in the Development of Affordable Housing

- Housing Initiatives Program provided rental assistance to 37 Dana Point hotel employees, exceeding the goal of 20 employees annually. The program is operated by Mary Erickson Community Housing in collaboration with the Waldorf Astoria Monarch Beach.
- Staff facilitated meetings with affordable housing developers to explore interest for building affordable, senior, and developmentally disabled housing units.

Program Category #3: Remove Governmental Constraints to the Maintenance, Improvement, and Development of Housing

- City Council adopted a revised fee resolution with provisions to waive all City imposed fees to cover cost of processing development permits and building permit fees for development of deed-restricted housing affordable to extremely-low, very-low, and low-income households. For mixed-income developments, fees are discounted proportionally.

Program Category #4: Conserve/Improve Condition of Existing Stock of Affordable Housing

- Staff researched and contacted the property owner of Coffield Apartments located at 25942 Domingo Ave. to consider utilizing housing funds for repair and rehabilitation of the existing units that provide affordable housing.

Program Category #5: Promote Housing Opportunities for All Persons

- The City hired a new full-time Community Outreach Worker to assist the City's homeless population. Through homeless outreach staff and the City's housing resources assistance program, 27 individuals were placed into permanent supportive housing.
- Staff continues to monitor affordable housing currently under construction; for-sale moderate-income units: 14 units sold, 3 units pending construction.

Program Category #6: Preserve Existing Assisted Housing Developments

- The units at Monarch Coast Apartments have converted to market-rate rents, and the property is under construction to replace market-rate units lost due to a landslide.

Preparation of 6th Cycle RHNA

In December 2018, SCAG initiated the development of the 6th Cycle RHNA. The 6th Cycle RHNA is the next Housing Element cycle from June 30, 2021 to October 15, 2029. HCD provided SCAG with the minimum regional housing need of 1,341,827 units for the 6th Cycle to distribute among local jurisdictions.

At the November 7, 2019 SCAG Regional Council meeting, a methodology option was proposed and approved for recommendation to HCD. The Regional Council-approved methodology was found to be consistent with state housing law by HCD. The overall framework for the final RHNA methodology is described in the following Table:

Projected need	Existing need	Income categories
Household growth 2020-2030	Transit accessibility (HQTA population 2045)	150% social equity adjustment minimum
Future vacancy need	Job accessibility	0-30% additional adjustment for areas with lowest or highest resource concentration
Replacement need	Residual distribution within the county	

For the 6th Cycle planning period, the RHNA allocation for the City of Dana Point is calculated as:

- Number of Very-Low Income Households (0-50% median): 147
- Number of Low Income Households (51-80% median): 84
- Number of moderate income households (81-120% median): 101
- Number of above moderate-income households (121%+ median): 198

City of Dana Point Total RHNA Allocation for 6th Cycle 2021-2029: 530

City staff initiated a Request for Proposals in late March 2020 for consultant services to update the City's General Plan Housing Element. The City entered a contract with PlaceWorks, Inc. in June 2020 to serve as the 6th Cycle RHNA consultant. The Housing Element Update for the 6th Cycle RHNA is due to HCD for completed certification by no later than October 15, 2021.

CONCLUSION:

The recommended actions are that the Planning Commission: 1) review the Annual Housing Element Progress report for 2020; and 2) forward to the City Council to review (Supporting Document 1).
