

JAMEY FEDERICO

AGE: 48

Dana Point City Council Member, District 3

It's an honor serving you and the City of Dana Point as your councilmember and past mayor. I respectfully request your vote so I can continue providing the residents of Dana Point with trusted, results-based leadership.

Since my election in 2018, we:

- Successfully navigated the economic and social impacts of COVID-19;
- Maintained the highest levels of public safety, increased traffic patrol and reduced the impacts of homelessness and sober living homes;
- Continued our first-rate road, parks, and events programs; and
- Increased City Hall's responsiveness to quality-of-life issues.

In the next four years, we will:

- Invest in infrastructure improvements on Doheny Park Road and Coast Highway;
- Rewrite our General Plan to help maintain our character as the city continues to grow;
- Continually improve our public safety and city services to provide you with the greatest possible value for your tax dollars; and
- Keep Dana Point a vibrant, world-class city.

When re-elected I will continue working with you and my fellow councilmembers to find long-lasting solutions to our city's most challenging issues. I respectfully ask for your support and vote so I can continue serving our community.
