

“GATEWAY TO STRANDS”

ARTIST

Kimberleigh Wood

DESCRIPTION

Two pieces of original art were hand-painted in acrylic, at a dimension of 30"x30" each to cover four sides of the utility box. The concept celebrates typical events enjoyed along Dana Point's shore – whale watching, dog walking, sailing and strolling along the harbor.

ABOUT THE ARTIST

Kimberleigh is a west coast native based in San Juan Capistrano. Wood has a fascination with California culture and observed gestures of human connection. As a contemporary artist weaving lanes between abstract and representational art, her designs employ simplified, flattened shapes and shadows, with gestural and controlled mark-making.
