

“DEEP DIVE”

ARTIST

David Krovblit

DESCRIPTION

“Deep Dive” is a collage that pays homage to the rich history of Dana Point. It is thanks to the watermen who have enriched the lives of people in the community with positivity and respect for nature.

ABOUT THE ARTIST

To say that the ocean has been an inspiration for David Krovblit is an understatement. Surfing is a daily “obsession colliding with passion” - it drives his creative juices behind making art. His large-format collages use allegory and mythology to tell cautionary tales about consumerism, consumption, and the human condition. His work embraces and reflects the world around him; celebrating nature and examining our relationship with it.

LOCATION

Stonehill Drive and Ocean Hill
