

PRIMA DESHECHA “SELF-HAUL” MATERIAL RECOVERY FACILITY (MRF) CLOSURE

Since 2008, the local Prima Deshecha “Self-Haul” Material Recovery Facility (MRF) located at 32250 Ave. La Pata, San Juan Capistrano, CA 92675 has been operated by CR&R, Incorporated (CR&R).

Beginning Saturday, September 21, 2019, CR&R will no longer operate the MRF and operations at this South Orange County facility will cease. The closure of this facility will directly affect how local homeowners and contractors dispose of “self-haul” construction and demolition waste for disposal.

Please note that during the closure of the MRF, all owners/builders of construction projects in Dana Point are still required to divert 75% of their construction waste.

The County of Orange intends to begin a Request for Proposal (RFP) process to identify a future operator of the MRF. Until that time, the nearest “self-haul” facility to South Orange County is Sunset Environmental located at 16122 W. Construction Circle, Irvine, CA 92606. Please contact Sunset Environmental directly at (949) 451-2600 for inquiries related to disposal fees.

The following materials are accepted at this facility:

- Asphalt
- Brick
- Carpet
- Dirt
- Drywall
- Flooring
- Glass
- Green waste
- Metal
- Plastic
- Rebar
- Wood

As an alternative to self-hauling, homeowners and contractors may obtain a recycling bin for construction and demolition (C&D) waste by contacting CR&R directly at (877) 728-0446. This option will guarantee your project will meet the City of Dana Point’s diversion requirements.

A comprehensive listing of other Orange County C&D processing facilities is available for your reference. Please ask for one if you are in need.

Construction and Demolition Processing Facilities

Facility / Location	Material Accepted	Fee	Sorted	Mixed	Buyback	Receipt
Adams Steel, Inc. 3200 E. Frontera St. Anaheim (714) 630-6523	<i>Metal, rebar, beams, any scrap metal.</i>			✓	✓	✓
