Hi Martha,

The following is an email from a resident. He would like this to be part of public comment for the project at 33822 Silver Lantern.

Thank you,

Alyssa Gonzalez

Alyssa,

Thank you for showing me the plans for 33822 Silver Lantern Street. Since I will be unable to attend the hearing on the 23rd (Monday) and I live directly across the street from the home I wanted to provide you with my support for this project. I would only offer the following comment concerning how city works limited the driveway in order to protect the amount of street parking. It looks as though from the plan that what remains of street parking will accommodate 1.5 cars, I would cut this to only allow 1 car. I say this because the homeowner will be plagued with people trying to park 2 cars in that space which will mean that the neighbor to right and themselves will have to deal with cars that overhang their driveways. Why create a problem, if city works wants to protect a single space ok but don't let it be a 1.5 car space(unless homeowner wants as well). Fully support this project, I will hate the construction period.

Regards,

Doug Cannon
