

## **SOUTH COAST WATER DISTRICT**

### **Proposed Water Conservation & Water Supply Shortage Ordinance**

**Community Information Forums  
Wednesday, March 18, 2009  
2 p.m. and 6 p.m.**

**Ocean Institute  
Main Conference Hall  
24200 Dana Point Harbor Dr., Dana Point**

South Coast Water District will host two forums -- at 2 p.m. and another at 6 p.m. -- for the convenience of our customers and residents. The goal of the forums is to inform the public:

- How the ongoing drought and the reduction in water supplies from Northern CA and the Colorado River are affecting South Orange County
- The critical need to conserve water as the cornerstone of reliable water supplies
- How the proposed ordinance would impact our service area, if approved by the Board of Directors

Following remarks by the Board president and General Manager and a presentation by District staff, there will be a Q&A session and the opportunity for community members to comment on the proposed ordinance. Displays showcasing water-conservation devices, programs, tiered rates and rebates will be set up around the room and information sheets outlining residential and commercial water-saving tips will be distributed.
